## **Supporting Patient Access to Health Care in Peterborough**

*MPP Leal Announces McGuinty Government Investment in Peterborough Regional Health Centre*

April 1, 2011

### **NEWS**

**FOR IMMEDIATE RELEASE**

Ontario is supporting services at Peterborough Regional Health Centre to ensure that residents of Peterborough can continue to access the quality care they need, close to home.

The McGuinty Government through the Central East Local Health Integration Network (LHIN) is investing in Peterborough Regional Health Centre by providing **\$7,718,000** in one-time funding to address recent restructuring. This investment will help the hospital continue providing the quality health services residents of Peterborough have come to expect and deserve.

Expanding front line health care services is part of the province's [Open Ontario Plan](#) to provide more access to health care services and improve quality and accountability for patients.

### **QUOTES**

"This investment today re-affirms our support for everyone who provides exceptional health care to our community on a daily basis."

- Jeff Leal, MPP

"The release of these funds represents a continuing affirmation that the Hospital Improvement Plan is not only on the right track, but is achieving the right results."

- Mayor Daryl Bennett

"We are grateful for today's announcement, and for the confidence entrusted to the leadership of the Peterborough Regional Health Centre as we deliver on our fiscal recovery and improved performance," said Ken Tremblay, President and CEO. "We would like to express our sincere thanks to Jeff Leal for his ongoing support, the CE LHIN, and this government's investment, as we work towards delivering on our regional mandate."

"The Central East LHIN will be continuing to monitor PRHC's performance as they use this new funding for costs associated with their Hospital Improvement Plan," said Deborah Hammons, CEO, Central East LHIN. "Their quarterly reports to our board have clearly demonstrated their ongoing focus on quality, safety, access and patient satisfaction as they work hard to care for the residents of Peterborough and the surrounding communities."

**Jeff Leal, M.P.P.**

Peterborough

## **QUICK FACTS**

- Peterborough Regional Health Centre provides acute and complex continuing care, rehabilitation and mental health services to approximately 80,000 people in Peterborough
- Peterborough Regional Health Centre also provides regional programming such as a mobile cancer radiation unit, cardiology and renal services to approximately 300,000 people in the surrounding communities
- At Peterborough Regional Hospital nine out of ten patients have seen wait times go down since our Government began tracking wait times:
  - Hip replacement by 106 days or 60%
  - Knee replacement by 160 days or 51%
  - Cancer Surgery by 50 days or 50%
