

## 2011 Celebrating Each Other event a success!

October 28, 2011

Yesterday evening, hospital staff and physicians were recognized for their contributions to the Peterborough Regional Health Centre.

At this year's Celebrating Each Other event, 376 hospital staff and physicians were recognized for their long service with PRHC, ranging from five to 40 years.

Fourteen Monthly Values Players (MVPs) and 20 retirees were also honoured for their contributions.

Strategic Directions awards were presented in six categories related to the hospital's strategic priorities.

Nominees were selected by their hospital colleagues, and the winners were chosen based on specific criteria for each award, including: contributing to a positive work culture, organizational transformation, health & safety, contributing to a strong regional centre, high-quality and innovative patient care, and lifetime achievement.

"People are judged by the company they keep; companies are judged by the people they keep," said Ken Tremblay, President & CEO. "Tonight's award winners are a testament to the many committed physicians, staff and volunteers who are the backbone of the Health Centre.

"It is your continued hard work, commitment and dedication that will shape our future as a high-quality, regional health care provider."
