The Opportunity

PRHC General Internal Medicine (GIM) program is growing and we are looking for two internists to join our team. PRHC offers a unique opportunity where internists provide consultation support to medically complex patients throughout the hospital. This unique model for Internal Medicine to function strictly as a consultation service is made possible because of our robust Hospitalist Program. In turn the Internal Medicine program provides direct support to the Hospitalist Service.

Outside the wards internal medicine cares for patients in Perioperative surgical services, Perioperative clinics and the General Internal Medicine (GIM) Clinic. Our GIM clinic aims to provide urgent follow-up for patients with acute medical concerns, such as those who are discharged from hospital or the Emergency Department. With the hiring of two new internists the GIM program will continue to grow to support the needs of the hospital and community of Peterborough. Remuneration is fee-for-service OHIP billings.

Position Qualifications:

- Currently registered with the College of Physicians and Surgeons of Ontario
