EpicCare Link
Central East Ontario

Easy, paperless referral.
Automatic follow-up.
Nothing to install.

A simple way to share for better patient care.

EpicCare Link is a secure web portal that connects you to information stored in our clinical information system (CIS) for your referred and admitted patients.

You will have the information you need to proactively plan your patients' care and your patients will feel confident knowing that you're up to date on their hospital care

Refer patients from your browser.

You can request consults, request referrals, place diagnostic imaging orders, and send messages to our providers directly from your browser. We'll send you confirmations and patient updates in real time, so you no longer need to rely on phone or fax messages. You will also be able to track the referral status, plus the referral process for all seven partner organizations in Central East Ontario (Campbellford Memorial Hospital, Haliburton Highland Health Services, Lakeridge Health, Northumberland Hills Hospital, Peterborough Regional Health Centre, Ross Memorial Hospital and Scarborough Health Network) will now be consistent and streamlined.

Stay informed.

With automatic messages about important events, you can have the latest information about your patients' treatment. We'll notify you to log in for:

Lab, imaging, and test results

Hospital admissions

Discharge notifications and summaries

PACS images and scanned files

Consultation notes

Orders placed by our physicians

And more!

Automatic updates about your patients

Access to patients' results notes, orders & more

Sign up with ease.

It's all online, with no software to install.

This online portal provides secure, convenient access to patient information through your browser – when and where you need it.

Your access is easy to set up and there's no software or hardware to maintain.
