## Work Better

Our current call group consists of seven (7) generalists and one maternal-fetal medicine specialist. Our recruit would share call with the current team. Our Labour & Delivery unit welcomes around 1,700 babies each year, has its own dedicated Operating Room (OR), and is attached to PRHC's Level 2B NICU. We also provide OR time for gynecologic surgery, approximately two (2) full days per month, and the option to open your own clinic or join an existing group practice.

PRHC is a teaching site and we work with medical students on their core OB/GYN rotations as well as with family medicine residents based in Peterborough. This is an exciting time to join the OB/GYN team at PRHC. We have big plans for the department in the coming years. For those who are interested in creative partnerships, and in leadership, this job will be of particular interest.

**We encourage and welcome residents and locum physicians to come visit and see if we may be a good fit.**

Remuneration is via fee-for-service billing to the Ontario Health Insurance Plan (OHIP) and Burden-Based On-Call (BBOC) funding. Minimum expected annual earnings for a full-time practicing Obstetrician/Gynecologist working at our hospital and in our region is more than $500, 0000. Benefits are not applicable for this position. Language of work is English.
