Women & Children's Program

# Information About Supply Cost

At Peterborough Regional Health Centre (PRHC), we are committed to providing safe, compassionate care for you and your baby. Most supplies used during your care are provided as part of your hospital services. However, some additional supplies may have an associated cost.

## When Do Supply Charges Apply?

The first supply provided is free of charge. If additional supplies are requested, a fee may apply. Your healthcare team will discuss supply needs and answer any questions before providing additional supplies.

## Supplies With Possible Costs

| Supply | Cost |
|---|---|
| Medela Single Breast Pump Kit | $10 |
| Medela Double Breast Pump Kit | $20 |
| Nipple Shield | $10 |
| Infant Soother | $5 |
| NICU Care by Parent Room Overnight Stay | $20 |

## NICU Care by Parent Room

Care by Parent Rooms allow parents to stay overnight with their baby in the NICU. An overnight stay may have an associated cost.

## Payment Options

If a charge applies, your healthcare team will provide a receipt and payment information at the end of your stay.

**Payment options include:**
Cashier's Office

Peterborough Regional Health Centre
1 Hospital Drive, Peterborough, ON K9J 7C6
Cheques may also be placed in the locked drop-box outside the Cashier's Window.

## Financial Concerns

We understand families may have different circumstances. If you have concerns about a supply cost, please speak with your healthcare team. In some situations, supplies may be provided at no charge.

## Questions?

Please speak with a member of your Women & Children's healthcare team. We are here to support you and your family.
